

Responsible Individual – session 3. Welcome back!

- Today's session will focus on safeguarding including the ongoing impact of the Coronavirus pandemic and its' longer-term potential safeguarding dynamic.
- Safeguarding is the underpinning standard and core practice for the RI role

The RI standard-safeguarding (SW standards)

For the RI this is seen as the standard which underpins the practice for every child within the regulatory framework defined within the context of local safeguarding processes, Working Together to Safeguard Children (2018/19), Keeping Children Safe in Education (2022) and other frameworks

It is also recognised that the RI must take a balanced approach to those roles/tasks which sit within the RM role, the RI role being to support , monitor , review and test the leadership of the RM and the running of the home in order to ensure that the standards and regulations are met.

The RI should ensure that the RM has sufficient capacity to ensure that the quality standards are met for each child in the home.

The RI should support the RM and team in ensuring that children are protected from harm and enabled to keep themselves safe within a secure safeguarding culture

Cross references to: leadership and management, quality of care, education, views, wishes and feelings, enjoy and achieve, , health and well-being, care planning, positive relationships

The RI Standard potential evidence base....anything else?

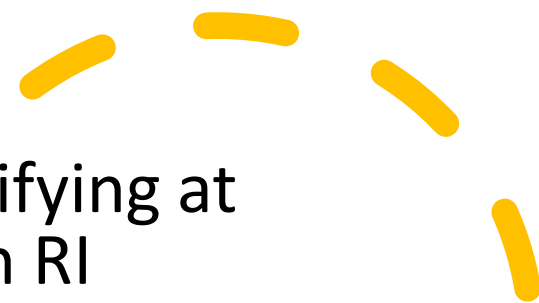

- Reg 44 & 45 evidence - patterns and trends
- Standard 3 residential special schools
- Reg 25 independent review – family assessment centres
- Care plans and other documents including policies
- EHCPs, EP/SLT/OT reports
- Observation of relationships, positive behaviour management, safeguarding culture
- Evidence of consent from LA
- Children's views/feedback- formal and informal
- RM supervision and appraisal
- Supervision /appraisal records

Potential evidence base- anything else?

- RM meetings with RI
- Team meetings
- Ofsted & LA monitoring reports
- Staff views & training records
- Formal records related to intervention, safeguarding issues.
- Reg 40, incidents , interventions, accidents etc
- Records of meetings with professionals

What would
ring alarm
bells?

- 
- Spend 10 minutes identifying at least four issues from an RI perspective ,which would make you investigate further in relation to safeguarding in the home or provision.

designated officer (LADO)- criteria

- findings of IICSA reports 2022 in particular
- Hesley (Oct 2022 report)

In “thinking the unthinkable”, could there be a cultural shift in your home or service that could lead to it becoming unsafehow would you know ?

The culture ?

- Can you describe your culture?
- Do you test this ?
- Do you have the evidence ?
- The Regulator tests this

Defining the
constituent
parts of a
safeguarding
culture- what
will you see
and test?

- Small group work:

What do you think constitutes a robust and secure safeguarding culture in a Children's Service?

Testing this and evidencing it, is important and identified within Working Together, CH Regs and Standards and KCSIE 2022

You will have 10 minutes to complete this . Please nominate one person from your group to feedback 3-4 key items.

Culture
structure-
McKinsey
2016- do you
have a clear
culture
model in
place ?

CORONAVIRUS/COVID 19

THE IMPACT OF CORONAVIRUS IS LIKELY TO LEAD TO A “DECADE OF RECOVERY” FOR SOCIETY AND IN PARTICULAR OUR CHILDREN AND YOUNG PEOPLE

looking
forward-
pandemic to
endemic.....

- managing from now on

Ongoing.....

The outcome of the pandemic for children and young people is said to be likely to “impact a generation.”

It is also being referred to as the ongoing “covid recovery decade”

This gives us some idea of the timescale associated with addressing key issues related to :

- Health provisionCommunity
- Economic recovery

Ongoing....

- NHS recovery
- Access to services e.g.. Mental health services, CAMHS, other therapies
- Infrastructure
- Onward planning re.education recovery- infrastructure and curriculum / learning recovery
- Anticipated Increase in looked after children. c.102 k by 2025. Up from approximately 82 K.
- Recovery if effective multi agency systems
- *Added impact of the cost of living crisis. ? recession*

Other thoughts....

- Long term booster roll out.... autumn / winter.
- Plan for surges.....contingency planning re. staffing in particular
- Ongoing vaccination programme
- Ongoing monitoring for new variants

Safeguarding / social issues which are developing

- Poverty
- Accommodation issues
- Increased reporting of DA
- Adults substance misuse up– mainly alcohol
- Increased additional needs and requests for EHCP
- Social and emotional regression
- Neglect
- Overexposure to social media
-

Issues continued

- Language delay
- Difficulty in managing boundaries
- Self harm
- Suicidal ideation
- Mental health issues
- Over exposure to trauma
