

SERVICES & OPPORTUNITIES FOR YOUNG PEOPLE

BECOME

**IN CARE.
LEAVING CARE.
WE CARE.**

ABOUT US

We're the national charity fighting alongside children and young people for a better care system.

Our work with care-experienced young people gives them the support and stability they need to smash their goals.

We help them get the right support and advice for their personal lives, education and careers.

We amplify young people's voices so the public – and people in power – can see the real problems. Then, together, we show them what the system could look like.

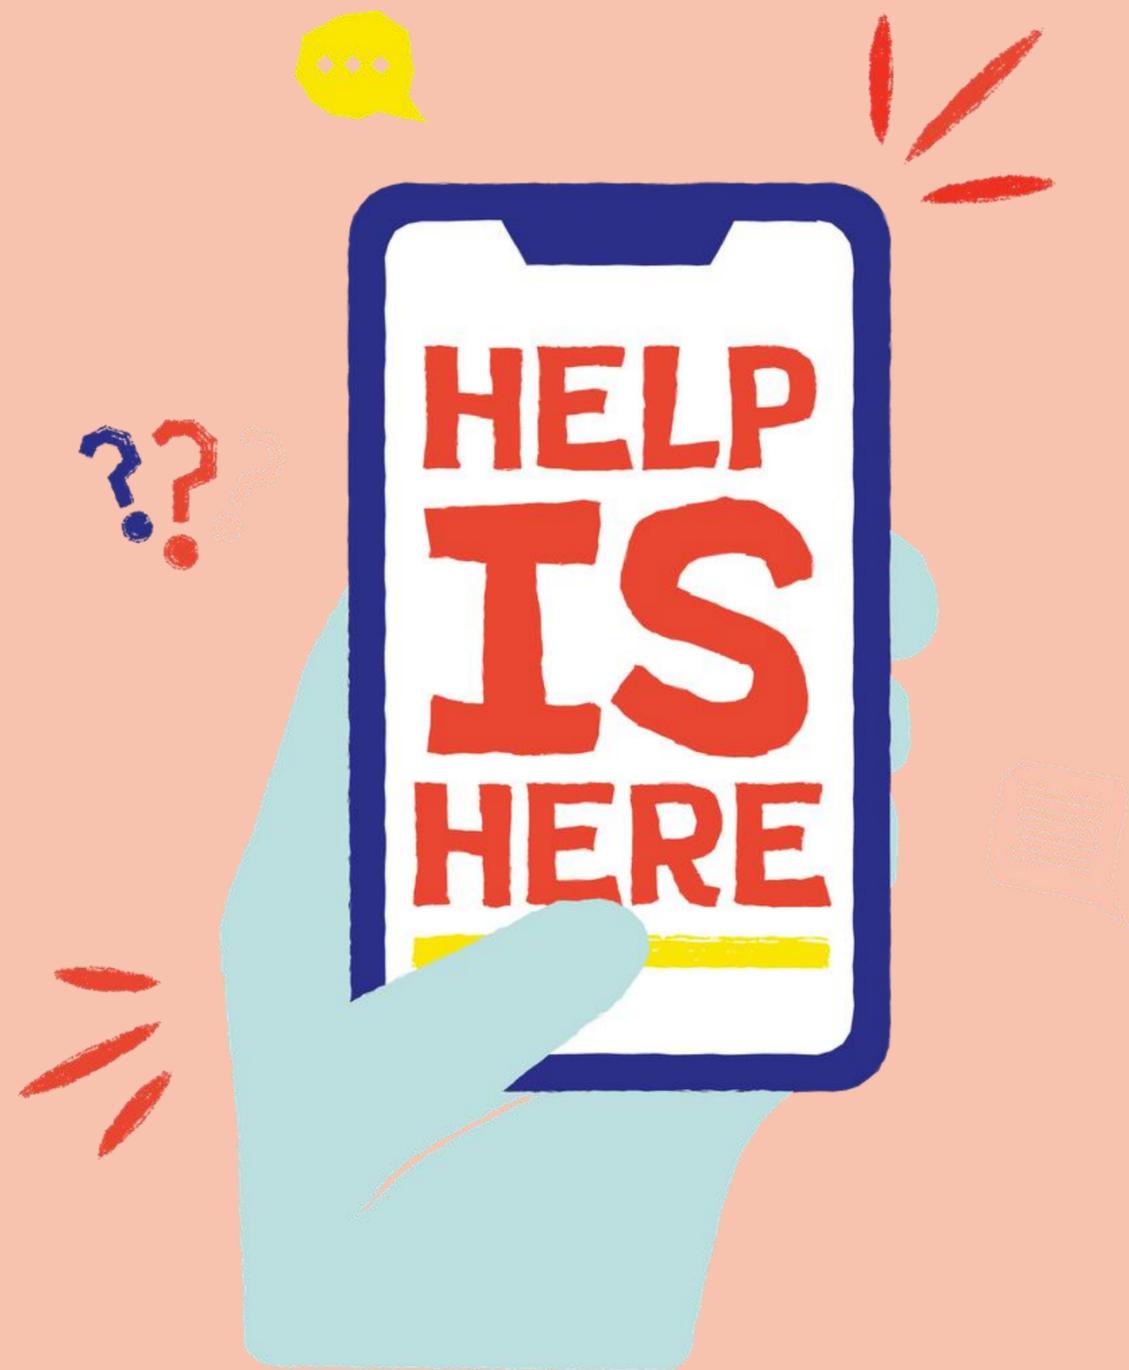

FOR YOUNG PEOPLE

- Free services for young people up to the age of 27
- Deliver workshops for groups of care experienced young people
- Create community and facilitate social opportunities
- Provide meaningful and impactful participation opportunities- shaping our work and improving the care system itself

SERVICES

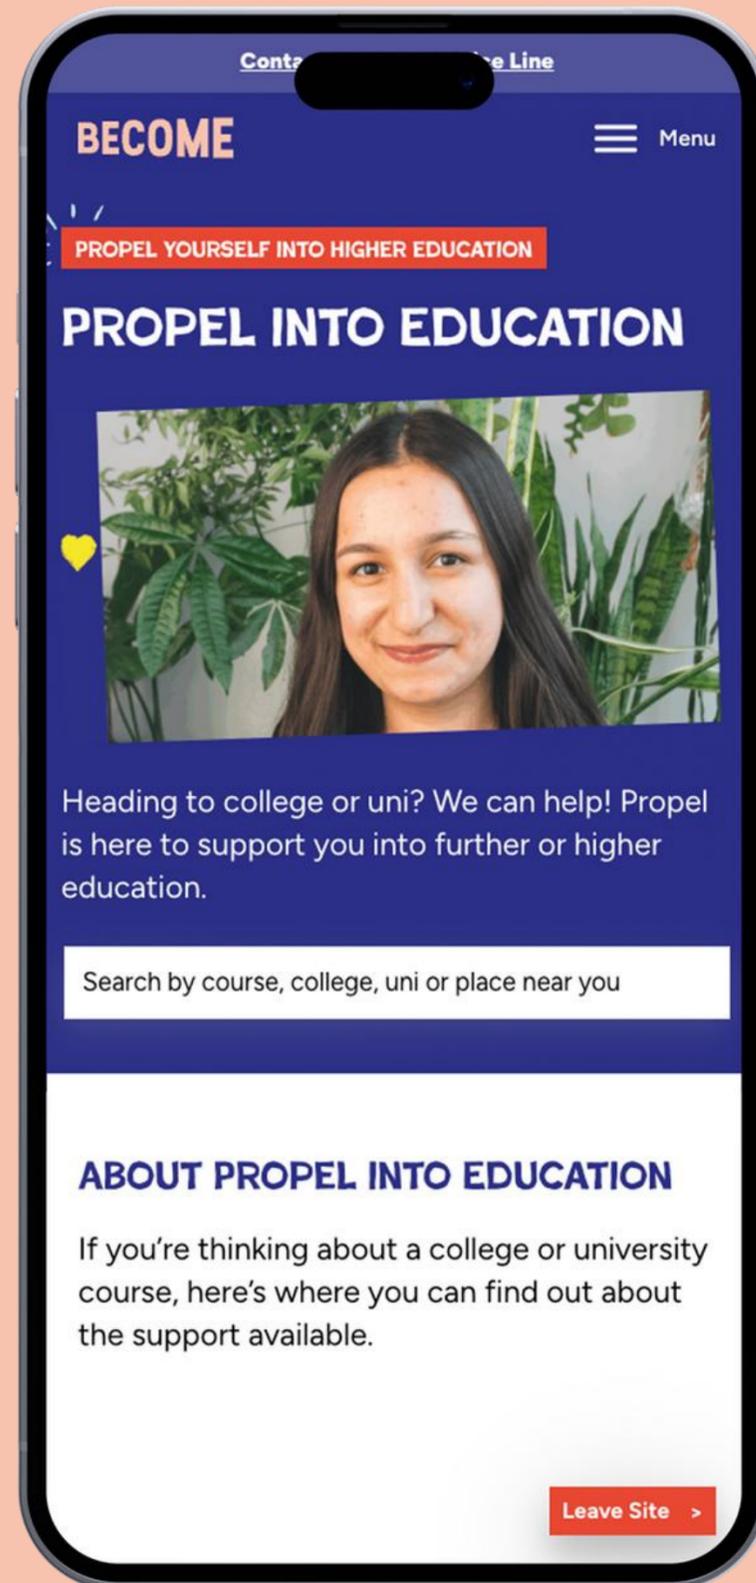

We're here to help every single
care-experienced young person, so they get the support they need.

THE CARE ADVICE SERVICE

Our free, friendly, confidential advice service for children in care and care leavers- and the people supporting them.

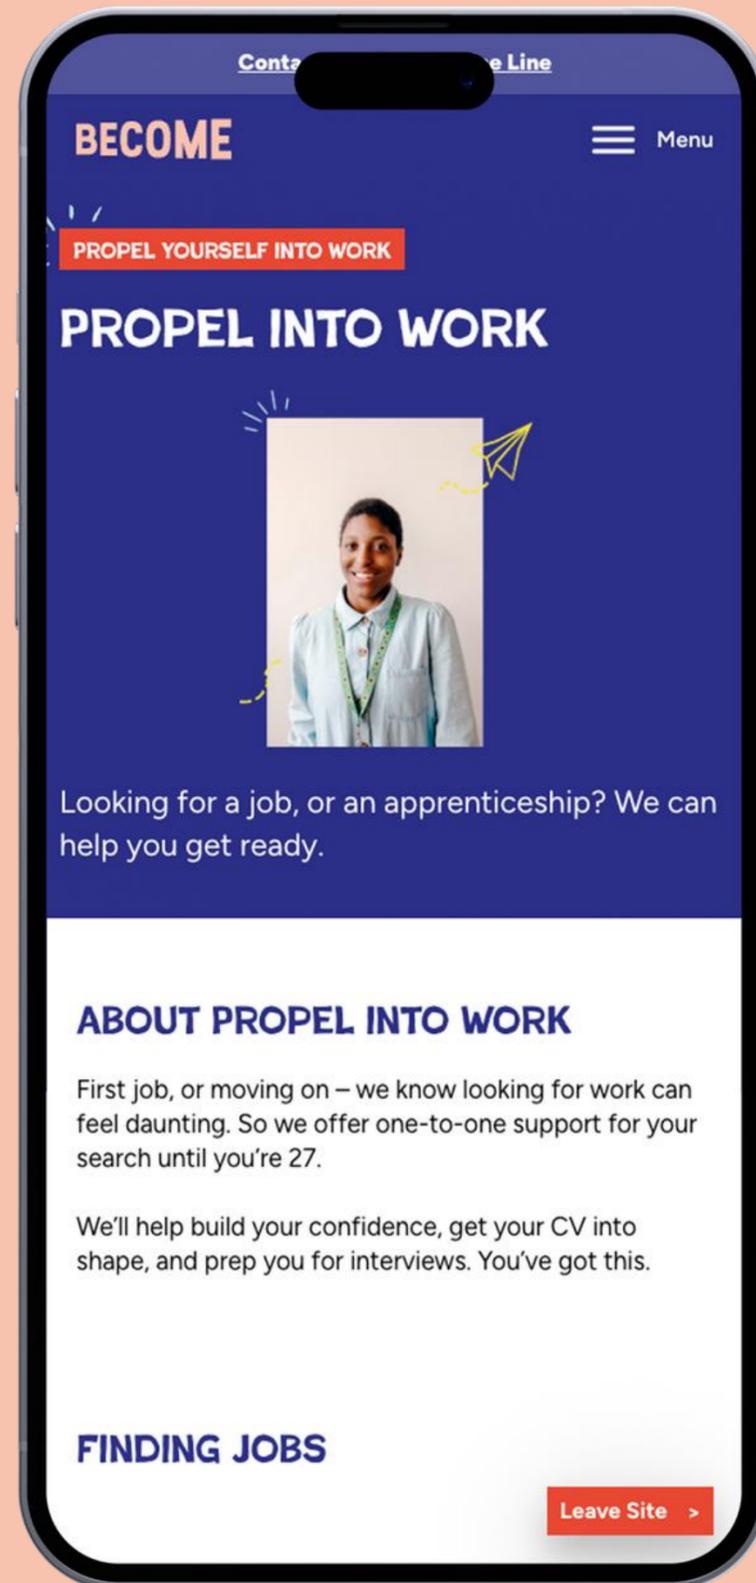

When young people call, they can talk about whatever they want. Maybe they want to find out about their rights, talk about something on their mind or just want someone to listen to them. That's what we're here for.

PROPEL INTO EDUCATION

If young people are thinking about a college or university course, here's where you can find out about the support available.

Propel into Education offers advice, longer-term 1-2-1 support, workshops, and information to support care leavers thinking about further and higher education. We support young people through the application process and beyond. We help propel potential.

PROPEL INTO WORK

First job or moving on – we know looking for work can feel daunting.

So we offer one-to-one support for young people until they're 27.

We'll help build confidence, get CVs into shape, search for the right opportunity, and prep for interviews.

WORKSHOPS

We deliver workshops to groups of care-experienced young people.

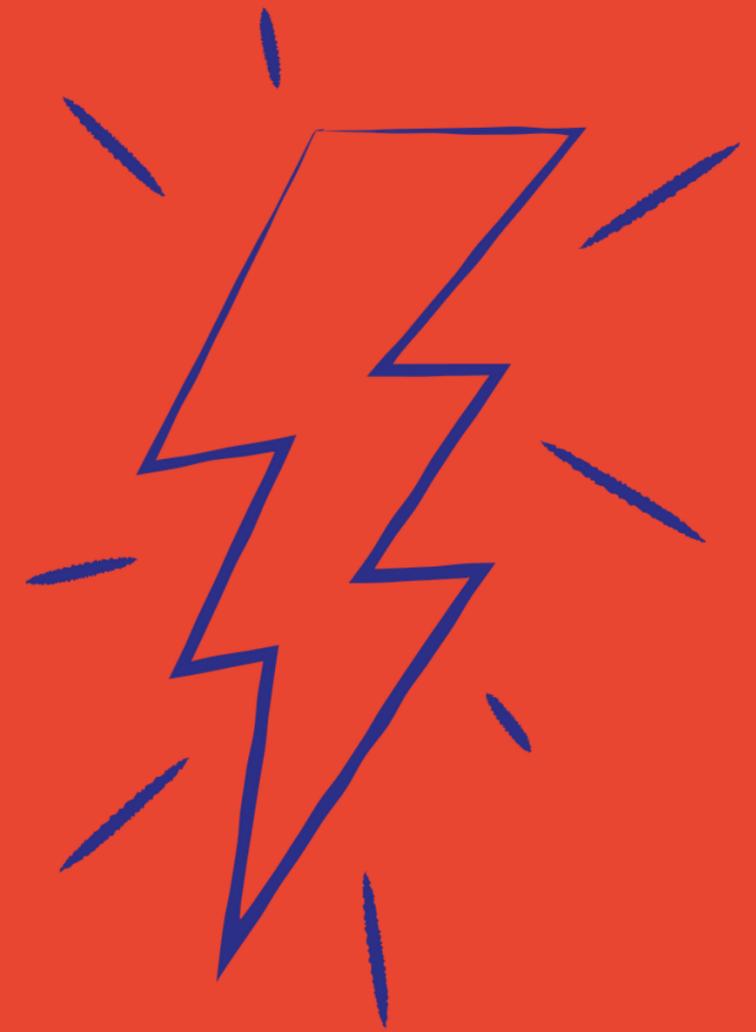

All of our services offer workshops- whether talking about university, getting into work, or young people's rights.

We can meet online or in-person- whatever suits the group and the young people.

OUR MOVEMENT

We all know about the problems in the care system. We fight alongside care-experienced young people to drive positive change.

Together, we make ourselves heard – to show government just how urgent this is.

OUR PARTICIPATION WORK

Who better to speak up about the care system than the people who've lived in it?

The young people we work with drive change.

They can join campaigns, use their voice, work with the media, and help shape our charity- from co-designing workshops to recruiting our CEO!

We amplify their voices, to make sure they're heard.

CHANGING THE SYSTEM

We fight alongside care-experienced young people to drive positive change.

Gone too Far

End the Care Cliff

APPG

Meeting decision-makers

Improving the system for those in it, those who have left it, and those who will be in it in the future.

SHAPING OUR WORK

We want to support young people in the way they want us to.

Recruitment Panels

COMMUNITY

Share ideas and creativity. Find paid opportunities with other organisations. Or hang out at our events and make new friends! This is a space made just for care experienced young people. It's their community.

CONNECTING PEOPLE

The community for care-experienced young people.

Blogs

Creative Space

Opportunities with other Organisations

Youth Editorial Board

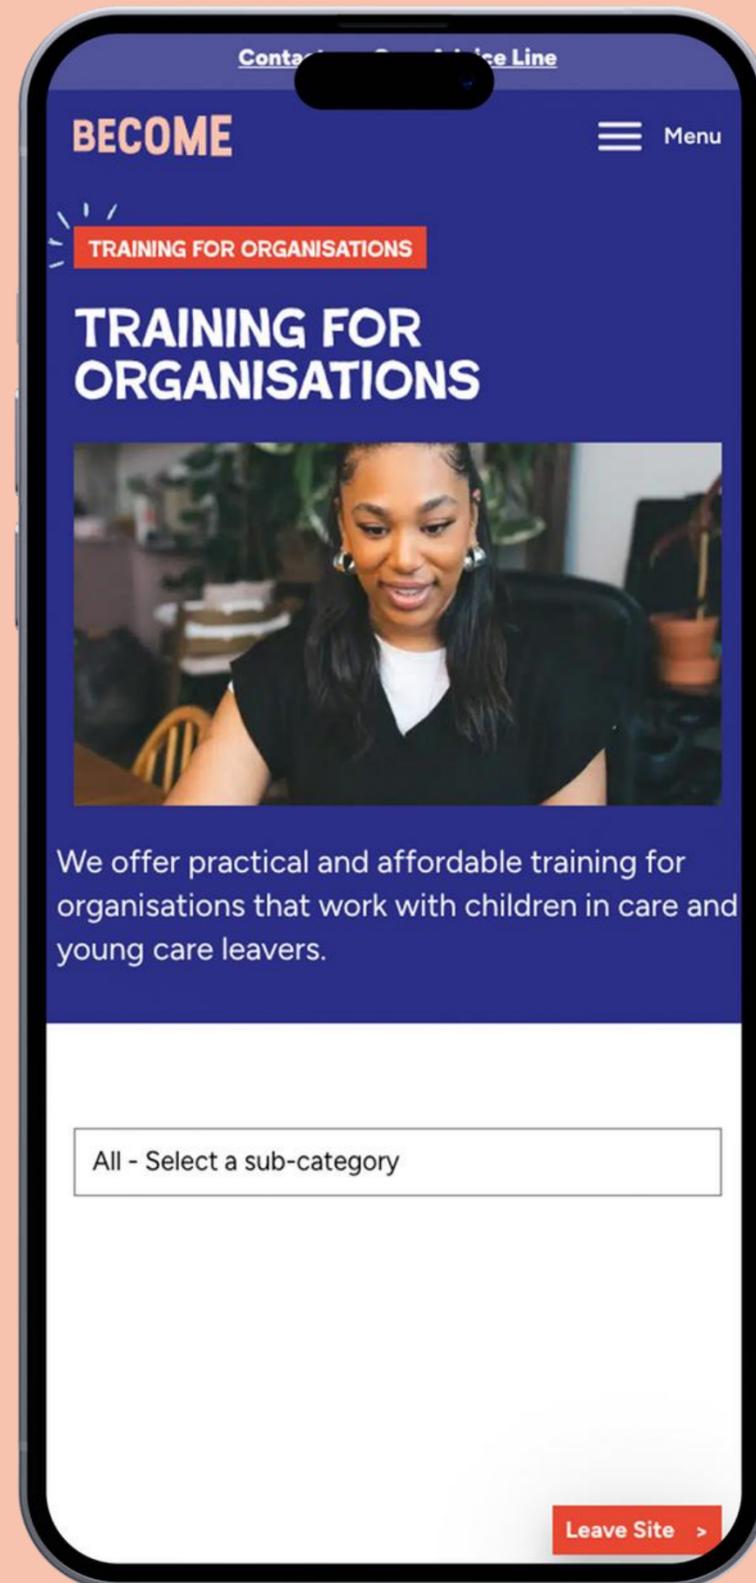

LINK-UP

Free social events for young people aged 18-27.

Online and in-person.

It's a great chance to meet other care-experienced young people from across the country, have a chat, a laugh, and learn something new.

TRAINING FOR PROFESSIONALS

We offer practical and affordable training for organisations that work with children in care and young care leavers- whether as corporate parents, care-givers, educators, employers or supporters.

We can deliver online or in-person; half-day, full-day or a series of sessions. We can also create bespoke training packages.
